

ABHISHEK WATHORE

SOFTWARE DEVELOPER

(+91) 7038425471 **PHONE** ◇

abhishekbwathore@gmail.com **EMAIL** ◇

SUMMARY

- ◇ Computer Science graduate with hands-on experience in end-to-end software development through internships and academic projects. Comfortable working with Java, JavaScript, React, and Node.js, and building responsive web applications backed by reliable backend systems.
- ◇ Experienced in developing, debugging, and testing applications, with a strong focus on writing clean, maintainable code. Have practical exposure to working with RESTful and GraphQL APIs, as well as RDBMS and NoSQL databases, enabling smooth data flow between frontend and backend.
- ◇ Familiar with application optimization, scalability, and basic cloud server setups to support stable and efficient deployments. Enjoy solving problems, collaborating with team members, and continuously learning new tools and technologies to improve the way software is built.

SKILLS

- ◇ **Programming Languages:** Java, JavaScript (ES6+), Python (basic)
- ◇ **Frontend Technologies:** HTML5, CSS3, React.js, Material UI
- ◇ **Backend Technologies:** Node.js, Java (Spring Boot – basic)
- ◇ **Databases:** MySQL, PostgreSQL, MongoDB
- ◇ **Operating Systems:** Windows, Linux (Ubuntu)

RELEVANT EXPERIENCE

Milathi Technologies, Hyderabad

Software Developer | Aug 2025 – Nov 2025

- ◇ Contribute to the development and maintenance of backend and system-facing software components in a Linux environment.
- ◇ Analyze, debug, and resolve software defects by performing root cause analysis and implementing corrective fixes.
- ◇ Support issue resolution for production and test environments by reproducing problems and validating solutions.
- ◇ Work with concurrent components and multi-module systems, gaining exposure to inter-process communication patterns.
- ◇ Collaborate closely with cross-functional teams, participate in code reviews, and follow established engineering standards

PROJECTS

Trushopp – E-commerce & Delivery Platform

- ◇ Contributed to backend system components with a focus on stability, performance, and fault handling.
- ◇ Assisted in diagnosing system-level issues related to concurrency and request handling.
- ◇ Followed structured development, testing, and documentation practices aligned with production software standards.
- ◇ Worked within a distributed application architecture, gaining experience in inter-component communication.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering

Shri Shankarprasad Agnihotri College of Engineering (SSPACE)

I declare that the information given in this resume is correct and truthful to the best of my understanding.

Abhishek B. Wathore
